

MEMORANDUM

To: All Media Outlets

From: Chief Scott Uhrig

Subject: Press Release

Date: September 12, 2007

Attention All News Media

Regarding the following:

I attempted to be completely honest with the public regarding the incident with an officer from this department. I contacted the media first, because the St. George Police Department has nothing to hide and is going to do the right thing with the investigation according with all Missouri State guidelines and rules.

Now the media wants to attack me for an incident that I was accused of seven years ago, that I did not do. Seven Years ago, it was a very political time at the Arnold Police Department. I was wrongfully accused and reprimanded for something that I never did. In conclusion with that, Missouri's Peace Officers Standard Training also reprimanded me for the same thing I did not do.

I paid my dues for an alleged allegation I never did. My family had to suffer the consequences by the media posting it all over the television and newspapers. My family had to live through it once, and now you making my family live through it again.

This incident that I was accused of seven years ago does not anything to do with the current situation.

So I will not be speaking to the media, and will only contact the media by email to advise them of the findings of the investigation.

If any media attempts to contact me, it will be "No Comment".

Respectfully,

Chief Scott Uhrig
